

Dear Parent/Caregiver,

The measures to ensure the cyber-safety of Allenby Gardens Primary School (AGPS) are based on our core values. To assist us to enhance learning through the safe use of information and communication technologies (ICTs), we are now asking you to read this document and sign the attached Use Agreement Form.

Rigorous cyber-safety practices are in place, which include cyber-safety Use Agreements for staff and students, who have been involved in the development of the agreement. Child protection education, such as the Keeping Safe: Child Protection Curriculum, includes information about remaining safe when using new technologies and is provided to all students.

The computer network, internet access facilities, computers and other ICT equipment/devices bring great benefits to the teaching and learning programs at AGPS, and to the effective operation of the school. The ICT equipment is for educational purposes appropriate to this environment, whether it is owned or leased either partially or wholly by the school and used on or off the site.

The overall goal of AGPS is to create and maintain a cyber-safety culture that is in keeping with our values and with legislative and professional obligations. The Use Agreement includes information about your obligations, responsibilities, and the nature of possible consequences associated with cyber-safety breaches that undermine the safety of the school environment.

Material sent and received using the network may be monitored and filtering and/or monitoring software may be used to restrict access to certain sites and data, including e-mail. Where a student is suspected of an electronic crime, this will be reported to the South Australia Police. Where a personal electronic device such as a mobile phone is used to capture images of a crime, such as an assault, the device will be confiscated and handed to the police.

While every reasonable effort is made by schools and DfE administrators to prevent children's exposure to inappropriate content when using the department's online services, it is not possible to completely eliminate the risk of such exposure. In particular, DfE cannot filter Internet content accessed by your child from home, from other locations away from school or on mobile devices owned by your child. DfE recommends the use of appropriate Internet filtering software.

More information about Internet filtering can be found on the websites of the Australian Communications and Media Authority at <http://www.acma.gov.au>, NetAlert at <http://www.netalert.gov.au>, the Kids Helpline at <http://www.kidshelp.com.au> and Bullying No Way at <http://www.bullyingnoway.com.au>.

Please contact the Principal, if you have any concerns about your child's safety in using the Internet and ICT equipment/devices.

Yours faithfully,

Yunni Seindanis  
Principal

## Cyber-safety Use Agreement

Parents/caregivers play a critical role in developing knowledge, understanding and ethics around their child's safety and safe practices regardless of the time of day. Being cyber-safe is no exception and we invite you to discuss with your child the following strategies to help us stay safe when using ICT at school (or preschool) and outside formal school (or preschool) hours. Please read, discuss and acknowledge this agreement with your child. **A separate agreement must be signed for each student.**

- I understand that unless this form is acknowledged and consented by parent/caregivers AND students, students will lose all access to digital technologies.
- I will use the computers and other ICT equipment to meet the learning intentions of the lesson.
- I will go online or use the Internet at school only when a teacher gives permission and an adult is present.
- If I am unsure whether I am allowed to do something involving ICT, I will ask the teacher first.
- If I have my own user name, I will log on only with that user name. I will not allow anyone else to use my name.
- I will not share my password with others.
- I will use the Internet, e-mail, or any ICT equipment only for positive purposes. I will not use them to be mean, rude or offensive, or to bully, harass, or in any way harm anyone else, or the school itself, even if it is meant as a joke.
- While at school, I will:
  - attempt to search for things online that I know are acceptable at our school. This would exclude anything that is rude or violent or uses unacceptable language such as swearing
  - report any attempt to get around, or bypass, security, monitoring and filtering that is in place at our school.
- If I find anything that upsets me, is mean or rude, or that I know is not acceptable at our school, I will:
  - not show others
  - turn off the screen
  - get a teacher straight away.
- The school cyber-safety strategies apply to any ICT equipment brought to school.
- My mobile phone must not be used onsite, unless given permission by a teacher. My mobile phone must be kept in my bag once I am within school grounds.
- If I am found to have my mobile phone whilst on school grounds, my device will be confiscated due to a breach of this Cyber-safety User Agreement. My parent/caregiver will be responsible for collecting my device from the school.

- The school approves the use of thumb drives (USBs) at school, in accordance with the Cyber-safety User Agreement and for my learning purposes.
- Only with written permission from home and the school will I bring any ICT equipment/devices to school. This includes things like mobile phones, iPods, iPads, games, cameras.
- I am responsible for any ICT equipment or mobile phone that I bring to school. I understand it is my responsibility if it becomes lost, stolen or damaged whilst at school.
- Only with written permission from the teacher will I connect any ICT device to school ICT, or run any software (iPods, iPads, games, camera or phone). This includes all wireless/Bluetooth technologies.
- To ensure my compliance with copyright laws, I will download or copy any files such as music, videos, games or programs only with the permission of a teacher or the owner of the original material.
- I will ask my teacher's permission before I put any personal information online. Personal identifying information includes any of the following:
  - my full name
  - my address
  - my e-mail address
  - my phone numbers
  - photos of me and/or people close to me.
- I will respect all school ICT equipment and will treat all ICT equipment/devices with care. This includes:
  - not intentionally disrupting the smooth running of any school ICT systems
  - not attempting to hack or gain unauthorised access to any system
  - following all school cyber-safety strategies, and not joining in if other students choose to be irresponsible with ICTs
  - reporting any breakages/damage to a staff member.
- If I do not follow cyber-safety practices the school may inform my parents/caregivers. In serious cases, the school may take disciplinary action against me. My family may be charged for repair costs. If illegal material or activities are involved or e-crime is suspected, it may be necessary for the school to inform the police and hold securely personal items for potential examination by police. Such actions may occur even if the incident occurs off-site and/or out of school hours.

## To the Parent/Caregiver/Legal Guardian

**Please read this page carefully to check that you and your child understand your responsibilities under this agreement.**

Please note: This agreement will remain in force as long as your child is enrolled at this school. If it becomes necessary to add/amend any information or rule, you will be advised in writing. Both you and your child are required to sign the Cyber-safety Use Agreement and return it to the school.

- I understand that Allenby Gardens Primary School will:
- do its best to enhance learning through the safe use of ICTs. This includes working to restrict access to inappropriate, illegal or harmful material on the Internet or on ICT equipment/devices at school or at school-related activities
  - work with children and their families to encourage and develop an understanding of the importance of cyber-safety through education designed to complement and support the Use Agreement initiative. This includes providing children with strategies to keep themselves safe in a connected online world
  - respond to any breaches in an appropriate manner
  - welcome inquiries at any time from parents/caregivers/legal guardians or children about cyber-safety issues.

- My parent/caregiver responsibilities include:
- discussing the information about cyber-safety with my child and explaining why it is important
  - supporting the school's cyber-safety program by emphasising to my child the need to follow the cyber-safety strategies
  - contacting the principal or nominee to discuss any questions I may have about cyber-safety and/or this Use Agreement.

**PLEASE ENSURE ALL TICK BOXES IN THIS AGREEMENT ARE COMPLETED.**

Both my child and I have read and understood this Cyber-safety Use Agreement and I am aware of the school's initiatives to maintain a cyber-safe learning environment.
